Objective

Motivated and enthusiastic B.Tech student at Government Engineering College, Palamu, graduating in 2026, seeking a developer internship to apply my web development skills and knowledge in a real-world setting. Eager to work in a collaborative environment and contribute to the development of innovative software solutions.

Education

Bachelor of Technology (B.Tech)

Government Engineering College, Palamu
Major: Computer Science and Engineering
Expected Graduation: 2026

2022 - 2026

Skills

Programming Languages: Python, JavaScript, HTML, CSS

Web Development: React, Node.js, Express, Bootstrap, jQuery

Version Control: Git, GitHub

Databases: MySQL, MongoDB

Tools: Visual Studio Code, Eclipse, GitHub

Projects

Spotify Clone

2024

Developed a Spotify clone using React, Node.js, and Express. Implemented user authentication and playback features. Integrated with a third-party API for music streaming.

Calculator

2024

Created a simple web-based calculator using HTML, CSS, and JavaScript. Implemented arithmetic operations and memory functions.

Tic-Tac-Toe Game

2024

Developed a web-based Tic-Tac-Toe game using JavaScript. Focused on game logic, UI/UX, and responsiveness.

Portfolio Website

2024

Built a personal portfolio website to showcase my projects and skills. Used HTML, CSS, and JavaScript to create a responsive and interactive design.

Internship Experience

Developer Intern (Seeking)

Currently seeking internship opportunities to enhance my skills in web development and gain practical experience.

Achievements

Secured top 10 position in inter-college hackathon competition.

Completed multiple online courses on web development and JavaScript.

Extracurricular Activities

Active participant in college coding events and hackathons.

Member of the college tech club.

Volunteered in organizing coding workshops for juniors.
